FUSION IS EFFECTED FOR LOCAL MUNICIPAL OFFICES

Democrats and Key-stoners Reach Agree-ments at Meeting

OFFICES TO BE DIVIDED

Democrats to Get Certain Share and Keystoneers Get Their's at Primary

At a meeting held Tuesday evening the Democratic party and the Keystone party of Charleroi effected a fusion something after the style of that effected by Democrats and Keystoneers in the county recently. To each party was appointed a select number of officers, which they may have candidates at the primary, but at the November election the Democratic and Keystone tickets will be identical. The agreement is signed by Charles Black, chairman of the Keystone committee, and J. P. Clutter, chairman of the Democratic committee, with attests by James Meyers, secretary of the Keystone committee, and H. Mansfield, secretary of the Democratic committee.

The fusion of the two parties, both of which showed considerable strength at the last election will doubtless have an important bearing on the municipal primary and election this fall. It will also be expected to help along the cause in the county.

In carrying out the provisions of the fusion agreement, the nominations appointed to the Democratic party shall go only to those candidates for nominations who were publicly known as Democrats prior to the election of 1910, and those nominations appointed to the Keystone party shall go only to those candidates for nominations who were not publicly known as Democrats prior to the organization of the Keystone party, but who were members of the Keystone party at the election of 1910. In accordance with this plan the following offices have been appointed to the two parties for the primary election:

To the Democrats: Council, two for four years; school director, two for six years, one for four years, one for two years; one auditor; one assessor; one justice of the peace.

To the Keystone party: Council, one for four years, one for two years; school director, one for six years, one for four years, one for two years; one high constable, constable justice of the peace.

It will be necessary for a candidate desiring a fusion nomination to file two petitions, one Democratic and one Keystone. The fusion nominees shall be those candidates receiving the highest total vote. In case any candidate for any nomination shall receive the highest number of votes on either the Democratic or the Keystone party ballot and not have the largest total vote, then his withdrawal shall be filed with the county commissioners and the proper committee as provided by the rules of the respective parties will fill the vacancies caused by such withdrawal by nominating the candidates with the largest total vote.

Corn Roast is Held all Same

Rain Interferes But Does Not Spoil Outing of Eagles at Eldora Park

Although the weather man was not very gracious in his supply of out-weather, Charleroi Aerie, No. 390, Fraternal Order of Eagles, is holding its corn roast at Eldora Park today and in spite of the rain those there are having a good time. Large quantities of corn were taken down early this morning, roasted and prepared for those to come later in the day. It was intended to have a program of sports this afternoon and if the grounds are not in fit shape for them something else will be substituted. Anyhow there is not to be a dull moment. Dancing of course will be the feature both this afternoon and evening.

FIRE DRILL IS MADE NECESSARY

School Children Must be Learned How to Use Appliances

CHARLEROI IS AFFECTED

Local attention has been called to the act enacted by the Legislature at its last session and approved by Governor Tener May 12, 1911, which makes fire drills in the public schools a necessity. Upon the county, city or borough school superintendents devolves the responsibility for carrying out the provisions. Violations of the act will mean upon conviction of the person or persons guilty of a fine of not less than \$25 nor more than \$500 and to undergo imprisonment in the county jail for not less than 10 days nor more than 60 days either or both.

The law requires that in all "public schools where fire-escapes, appliances for the extinguishment of fires, or proper and sufficient exits in case of fire or panic, either or all, are required by law, fire drills must be held not less than once a month by the teacher or teachers in charge. The county or city superintendents frame the rules for the fire drills, and the object is to teach the school pupils not only the means of exit but the use of fire appliances which are in the different buildings.

Charleroi will be affected by the new law at all the school buildings. It has been the custom, however, to observe rules similar to those made necessary by the new act, and two or three drills were held each month. Prof. James G. Pentz, superintendent of schools stated this morning that it was the intention to conduct these drills as often as possible during each month. Record time was made in getting out of the buildings last year.

Out For Justice.

A. N. Jenkins of 713 McKean avenue has filed a petition at Washington as a Republican candidate for the office of justice of the peace.

FEARED LIMESTONE WILL DELAY WORK

Hill Contracting Company Has Contract for Building of P. & L. E. Branch Line--Big Cut Necessary

ONE TRACK TO BE LAID AT ONCE; ANOTHER LATER

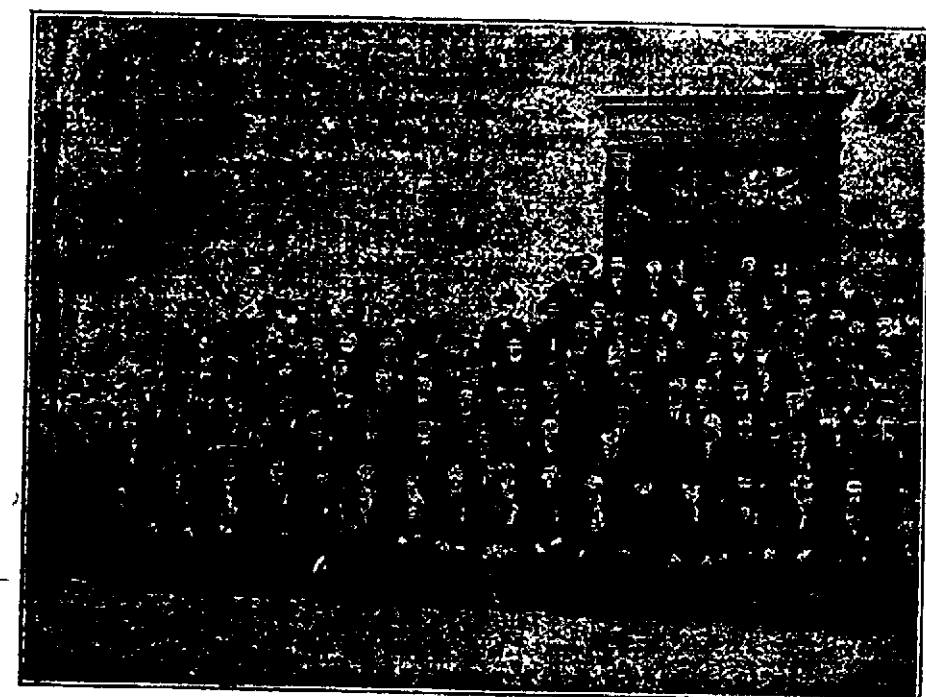

The progress of the work on the end of the route and also one at the other end. It is proposed, it is said, to start work in the middle. A grade will be cut for two tracks. One river, which is to begin very shortly, will depend upon a 60 foot cut which it will be necessary to make. There is a probability and it is feared that limestone is embedded beneath the surface where this cut is necessary, and if so there will be some delay at the work. There is also a big fill to make.

The Hill Contracting company has the contract to do the work and has a steam shovel at the Fayette City

RINGGOLD BATTALION IN ANNUAL REUNION

Remnant of Noted Command Assembles At Belle Vernon and is Tendered Hearty Welcome by Citizens There

PARADE AND CAMPFIRE TO BE THE CHIEF FEATURES

Ringgold Battalion in Reunion Several Years Ago.

Rainy weather put considerable damper on the first days' session of the annual reunion of the Ringgold or 22nd Pennsylvania Calvary at Belle Vernon. The rain was not allowed to interfere however with the program as it had been arranged and the address of welcome was made by Leighty Steen, a prominent Belle Vernon business man. Col. Andrew J. Greenfield, the only surviving regimental officer, who has not missed one of the annual reunions, made the response. Ninety members of the calvary and 50 members of other companies were present this morning. This is the 37th annual reunion.

When the old soldiers arrived at Belle Vernon this morning they registered at the office of S. B. Graham and were given badges and a meal ticket. The address of welcome was scheduled for 11 o'clock from in front of the Odd Fellows hall, but it was after that hour when Burgess Samuel B. Bedsworth tendered the old soldiers the keys of the town, and introduced Mr. Steen to make the address of welcome. The speaking was brief, owing to the dreary weather.

This afternoon the history of the command was distributed. At 3 o'clock the Belle Vernon Rifles are scheduled to assemble in front of their armory in front of Taggart's hall and officially open their headquarters.

Winfield S. Harvey, chief marshal for the parade has stated that the parade will be held this evening, beginning at 6:30 o'clock. But the most interesting feature of the day will be the campfire, at which Col. Greenfield will preside. Among the chief speakers will be S. C. Farrar, of Pittsburgh, historian of the command; Joseph A. Bryan, of Monongahela; William Ellwood, of Coal Center; L. E. Flint of Monongahela, representing the Sons of Veterans, and others.

The parade will be one of the chief features of the reunion and three companies of the Sons of Veterans will participate. These will be Company H of Carnegie, Company D of Donora and Company M, of Belle Vernon. In addition, the Charleroi Brigade, the Belle Vernon Rifle and the Brownsville Light Infantry will have places in the line.

HEAVY RAIN IS GODSEND TO RIVER COAL SHIPPERS

Thomas Family Holds Reunion

Organ is Contributed as Memorial to Ancestry by People at Webster

Nearly 100 descendants of Thomas Thomas, who fought in the Revolutionary War with a New Jersey regiment, held their annual reunion yesterday in the Methodist Episcopal church at Webster.

A grandson, John Thomas, of Webster, the last of his generation, was elected honorary president of the Thomas Reunion Association. The next year's reunion will be held at Fell's Church on August 28.

The election of officers resulted as follows: President, John C. Morton, of Etna; vice president, Walter Colmery of Swissvale; secretary, C. H. Truxal, of Belle Vernon; treasurer, Mrs. Walter Colmery. The association voted to furnish an organ for Fell's Church as a memorial to its ancestry. Many of the Thomas family are buried in the Fell's churchyard.

DEAD MAN ARISES WITH TEMPER UP

Engineer and Passengers Though He Had Been Struck by Train

THEY GOT ANOTHER THINK

Lying face downward, his hat several feet away, bearing every evidence of having been struck by a train a man was discovered by passengers on the 6 o'clock north bound P. & L. E. train near Fayette City this morning.

The train was pulling into Fayette City. He was first seen by the engineer who slowed up his train and backed to the spot, certain the man had been hit. The engineer and conductor went to the spot, accompanied by a number of passengers of the train. Still the man lay close by the track, his bent form and tousled appearance betokening death.

Carefully the engineer and other trainmen moved the body over. They saw no trace of injuries. Then the man, disturbed, opened his eyes sat up and dozed a moment. Again looking up, his gaze encountered that of the curious passengers who thought that the man was mortally injured and this was his death gaze. Some men took off their hats. As sighs escaped some of the early morning audience the man got angry. He jumped to his feet, snatched his hat and turning glared at the assemblage.

"What the hell's the matter with you?" he shouted and with a snort turned and disappeared up the track.

Without a word the passengers and trainmen assumed their places and the engineer pulled out the train.

Alonso Flowers who has been spending a few days with friends at Aspinwall has returned home.

Fifteen-Foot Stage at Lock No. 4 Recorded at Noon

WILL CONTINUE TO RISE

Ohio Stage of Water Increased and Already Shipments Are Made

Heavy rains at headwaters and all along the Monongahela river has caused a rise in the river which will be a godsend to rivermen and coal men along this waterway. At noon the stage of water was 15 ft. 5 inches at Lock No. 4 and the river was still rising at about the rate of 1 1/2 inches an hour. Word was received from Fairmont this morning to the effect that during the last 24 hours there had been a rainfall of 1.90 inches, and at Greensboro 1.74 inches. It is expected that before the river begins to recede it will attain a stage of 20 to 22 feet, possibly more.

The rains will have a two-fold effect along the river. Not only will they provide a good shipping stage for coal men in the Ohio but they will also tend to clean out the river from the troublesome and destructive acid with which it has been filled for weeks.

It was stated this morning that coal had already been started out from the Pittsburgh harbor down the Ohio river. Practically all the flats of the Monongahela River Consolidated Coal and Coke Company had been tied up awaiting a shipping stage at the Pittsburgh harbor and as a consequence practically all of the River combine's mines in the upper pools had been forced to either entirely or partially close. Naturally enough it will be inferred that with the shipping stage on the Ohio and a good rise on the Monongahela, nearly all of these flats can be emptied and the mines can start again in full.

It is the confident prediction of coal men that the mines of the Pittsburgh district will run this winter as they have not run in years. It is said that a big demand is indicated which will mean good business for the Pittsburgh district, of which the Monongahela valley is an important factor.

Lady Maccabees Enjoy Busy Week of Social Events

The Lady Maccabees have had a busy social week so far this week. Mrs. L. M. Cottle was surprised on Monday evening, it being her birthday anniversary. She was presented with a beautiful emblem of the order. All present had a delightful time. While there another trip was planned to visit and surprise another one of their members, Mrs. Margaret Dunkerly, who is convalescing after a long illness. Thursday, August 29, was her birthday anniversary. She was indeed surprised as she did not know the ladies knew the date of her birth. Mrs. Dunkerly was presented with beautiful and substantial gifts by the ladies, one of which she says she will long remember. She expressed the hope that she would soon be able to join with the merry crowd in their many surprises.

RAILROAD ENGINEERS SURVEY FOR NEW ROAD THROUGH GREENE CO.

A corps of Pennsylvania railroad engineers have been working in the vicinity of Jefferson, Greene county, for the past week. They have spent almost a year along Ten Mile creek, between the Bessemer coal works, near Clarksville, and the Huffman farm, one mile west of Jefferson, where a coal shaft is to be opened.

The statement has been made that this is the final survey of the Pennsylvania railroad, from Clarksville to the Huffman farm, which will, in all probability be extended to Waynesburg later.

"NEST EGG" COMPANY AT THE COYLE TONIGHT

Under the management of J. C. Kaliski the "Nest Egg" company, which is to appear at the opening of the Cople Theatre tonight, arrived in town shortly after noon. This is said to be one of the cleanest, most humorous plays on the road, and Manager Penman was fortunate to secure it for his opening production. There is not a dull line in the play, which is entirely void of coarseness. It is especially mentioned by Munsey's Magazine, as will be seen in a more extended notice appearing on the third page of this issue.

Too Many Clocks

Have their main recommendation in their faces and their outer shells. We believe in attractive exteriors, but we have greater faith in the recommendation that a good time keeper will give us. Our clocks are ornaments in every sense of the word, though we prefer them to be classed distinctly as timekeepers.

We grind our own lenses

Moon at first quarter; sun's declina-
tion, 9 degrees north of celestial
equator.

A PARALLEL CASE.

Commenting upon the proclama-
tion recently made by Senator Pen-
rose in regard to the mayoralty cam-
paign in Philadelphia, the Washing-
ton Observer says:

"Penrose is reaping what he sow-
ed, having relied for years past upon
the criminal and disreputable ele-
ments of the great city to maintain
his power; he now sees those elements
flying to the support of one of his
former allies.

"In this predicament Penrose ap-
peals to the better citizenship of Phil-
adelphia for support but he cannot
hope for that unless he give assur-
ances that he will break the alliance
with the abhorrent elements in the
politics of the State."

Assuming for the sake of argu-
ment that the Senator Penrose has de-
pend entirely for his election on the
support of the disreputable ele-
ment of the Republican party, which he has
not, the Observer, as the organ of
former Congressman E. F. Acheson,
its president and dominating spirit,
will find a parallel case in Mr. Ache-
son's career. For years Mr. Acheson
controlled the politics of Washington
county by an alliance with the cor-
rupt and baser elements of all the
political organizations. Too late he
realized the sowing of the wind, and
then in a futile appeal to the better
citizenship of the county he went
down to defeat. Mr. Acheson's alleg-
ed exposition of the Philadelphia sit-
uation is a parallel case with his
own.

WHY BLEACHERS?

At last the long suffering base-
ball public has come to a realization
that it is about time to assert its
rights. It is beginning to inquire
why enthusiastic fans who love the
game, but are limited in finances, are
obliged to endure all manner of
physical discomfort and inconven-
iences when they pay the minimum price
for the privilege of witnessing the
game. In other words, Why Bleach-
ers?

Other forms of amusement, which
cost infinitely more to produce pro-
vide far more comforts for their
patrons. The circus or wild west ex-

hibitions which must employ an
army of men and horses to handle
and transport their outfit after they
arrive at a place of exhibition does
not ask its patrons who pay the
straight price of admission to sit in
the broiling sun or be exposed to
the drench of sudden shower. To wit-
ness its exhibitions. The base ball
team has no expense but the main-
tenance of its grounds and its sal-
ary list of from fifteen to thirty
people, whose transportation charges
are a minimum compared with those
of a circus. Yet with all the enor-
mous expenses connected with a cir-
cus the patrons are all given com-
fortable seats, protected from the
elements. It is the same with all
theatres.

It is time for the fans to make a
kick. There should be no bleachers.
It is enough for distance to lend en-
chantment to the view without in-
cluding broiling or soaking. The
baseball syndicate ranks at the head
of all the amusements as an attrac-
tion; it operates the most cheaply,
and gets the most free advertising.
It can afford to roof its bleachers and
give some modicum of comfort to the
devotees of the game. There is no
excuse for the bleachers in the big
leagues, and in the interest of the
public health and welfare they should
be abolished.

ELECTRIC SPARKS

Too bad that Upton Sinclair has to
go the way of great millionaires when
he is such a lovely and ardent social-
ist.

The New York woman who jumped
in the ocean in her street clothes be-
cause she couldn't find a bathing suit
in the metropolis evidently either felt
in much need of a bath or else was
merely looking for a sensation.

President Taft can show up trust
busters and everybody else when it
comes to golf. Even Frank Ke'log of
St. Paul, a trust buster of renown,
proved an easy victim for him.

All that's necessary for a man or
a woman to secure a divorce now-a-
days is a co-respondent. They are
easily secured.

It's thoughtful of a man to kill him-
self after committing a crime. It
saves the country so much trouble
and expense.

When it comes to really polite polit-
ical cussing Allegheny county with its
Mayor Magee and Commissioner
O'Neil as the chief exponents of the
art can show up Washington county.

What is needed now is an aer-plane
with a reverse lever.

Everybody has a different idea of
how to co-operate with his fellows,
but most everybody's idea is to get
all he can and let the other fellow do
the same.

Naval experts say that a new kind
of aeroplane gun will shoot three
miles into the air and shoot accurate-
ly, but nobody has informed us what
the target was.

Massachusetts has been forced to
secure hand writing experts to de-
cipher the names on nomination pa-
pers sent in from Boston. Which
proves that even the Hub City is not
perfect in every educational essential.

Atwood is the first aviator in many
months who has shown any signs of
good sense. He says that he is afraid
that if he keeps on flying he will
meet the fate of other aviators.

PICKED UP IN PASSING

John Guggie, the veteran stone con-
tractor, who is one of the few natives
of Switzerland to be found in this
community, was asked the other day
why more of his countrymen did not
emigrate to America.

"It is because they have a too good
a country at home to leave," he re-
plied. In speaking of the government
of his native land, and the various
methods employed, Mr. Guggie told
of a novel way the country had of
getting rid of foreigners who com-
mitted petty offenses.

"For instance," said Mr. Guggie,
if a native of France or Italy were
caught stealing fruit or trespassing
the police would ascertain where he
was from, and then immediately
they would begin to pass him along
from one district to another. It
would be like the police of Charleroi
escorting the offender to the North
Charleroi line, turning him over to
the police there, who would take him

JOHN H. BOWERS

OUT FOR HONORS

Charleroi Man Proving Pop-
ular Man for Treasurer—
Makes Many Friends

Among those who have addressed
the public recently through the news-
papers is John H. Bowers of Char-
leroi, who is a candidate for the Re-
publican nomination for treasurer.

His statement should be entirely
satisfactory to the voters. Mr. Bow-
ers says he will regard the office as
a business proposition, that he will
try to make all idle money profitable
to the county, that he will pay for
his own bond and finally he says:

"I promise, if nominated and elect-
ed, TO ASK FOR BIDS FROM THE
VARIOUS BANKING INSTITU-
TIONS OF THE COUNTY AND TO
AWARD THE DEPOSIT OF ALL
PUBLIC MONEY TO THE SAME
WHICH WILL PAY THE HIGHEST
RATE OF INTEREST, commensu-
rate with the proper safeguarding of
the public funds."

The statement of Mr. Bowers is
frank, straightforward and covers the
case like a blanket.—Washington Ob-
server.

to the Carroll township line, and the
police there would pass him on to
Monongahela and from there he
would be passed into the next dis-
trict until he reached the frontier of
his native country, where he would
be shoved across the boundary with
instructions never to return. In this
manner undesirables are ejected
from the country at a trifling ex-
pense."

It is related that soon after the
Maple Creek telephone line was in-
stalled Kerfoot W. Daly, cashier of
the Bank of Charleroi, received a call
from a bank patron out in the inter-
ior of Fallowfield township.

"Hello, is that you, Kerfoot?"
was the call, "do you know me?"
"Yes, I know you," was the reply,
"what do you want?"

"I want to know how much money
I have in your bank."

"Well, I don't know, you have
some money here all right. I haven't
time to look it up just now, but will
have a statement sent to you as soon
as I can."

"Can't you tell me now? Every
receiver is down on this line, and if
all the subscribers can't hear how
much money I have they'll be terribly
disappointed. I want them all to
know I've got money in the bank."

GOVERNOR WILL

ATTEND SESSION

Gov. John K. Tener of Pennsylv-
ania is announced as one of the
stellar attractions at the annual con-
vention of the Atlantic Deep Water-
ways Association to be held at Rich-
mond, Va., October 17 to 20. In the
short time that Governor Tener spent
at Washington as a member of Con-
gress he became prominent in rivers
and harbors legislation. As a mem-
ber of the Rivers and Harbors Com-
mittee he took interest in the Ohio
River project and also in the general
question of development of the
country's waterways. On this ac-
count officers of the Atlantic Deeper
Waterways Association are anxious
to enlist him in their association.

Ralph J. Franz.

Ralph J. Franz, the 4 months old
son of Mr. and Mrs. Ralph Franz,
of 922 Shady avenue, died at the home
of his parents, Tuesday at 9 o'clock
a. m. The funeral was held this af-
ternoon, at 3 o'clock, Rev. C. E.
Frontz, pastor of Christ Lutheran
church, having charge of the services.
Interment was in Charleroi cemetery.

Is the Tuberculosis Crusade Losing Ground?

Despite all the efforts being made by
advocates of fresh air and egg-and-milk
treatments, the number of new cases has
not been noticeably decreased.

Write to us and ask to be referred to
Clergymen, Priests, men and women who
took Eckman's Alternative and are today
well and strong without a trace of tuber-
culosis—pronounced so by physicians.
Some of them took the Alternative 10
years ago when doctors said they would
not live 10 weeks.

Could anything be fairer to yourself
and those who love you and would do
anything to restore you to health? If you
are skeptical—investigate us, our medi-
cine, our advertised statements. Write
to those who have sent in affidavits and
testimonials telling how Eckman's Alterna-
tive cured them. Here is one:

Gentlemen: "In the winter of 1903, I
had an attack of Grippe, followed by
pneumonia and later by Consumption. I
grew steadily worse. In the winter of
1904 I had cough, night sweats, fever and
rushed quantities of awful looking stuff
and later, I had many hemorrhages; at
one time three in three successive days.
Milk and eggs became so distasteful I
could keep nothing down. Three phys-
icians treated me. I was ordered to the
mountains, but did not go. Eckman's Al-
ternative was recommended by a friend.
After taking a small quantity I had the
first quiet night's sleep for weeks. My
improvement was marked from the first.
I gained strength and weight and ap-
petite. I never had another hemorrhage and
my cough gradually lessened until en-
tirely gone. I am perfectly well. Every-
thing I say here can be verified by my
family and friends."

"THE NEST EGG"

THE OPENER FOR COYLE SEASON

The leading magazines highly praised Miss Anne Caldwell's latest comedy, "The Nest Egg" which will be the attraction at the Coyle Theatre tonight. Munsey's recently said: "The Nest Egg" tells a concrete story with a mixture of comedy and pathos that sends it across the footlights with a surer aim than any emotional play can hope to have in these matter-of-fact times. It is a capital enter-

Scene from "The Nest Egg" at the Coyle Theatre Tonight.

tainment and will probably live for several years.

Briefly, an old maid dress-maker writes a message on an egg that she sends to market, receives a reply after three years, and excitedly makes all preparations for a wedding, only to discover that she is expected to serve as a star witness in a lawsuit brought by a pure-food enthusiast who has been made ill by eating the egg kept so long in cold storage. But she eventually marries and her aim is completed.

GRAND JURY DOES NOT MAKE REPORT

The grand jury completed its investigation of the charges made against the management of the Children's Home Tuesday. They also inspected the county home. It was expected they would report their findings today, but at noon there had been no report entered. It is generally supposed that the charges were not substantiated. The investigation was held behind closed doors by the grand jury and no statements were given out.

No Time for Hesitation.
In transferring the two thousand passengers from the sinking steamer Republic, the greatest difficulty was found in getting the women to leap at the very instant they were told to. If they hesitated an instant a wave carried the boat too far away, and they fell into the water, and had to be fished out. One woman who so fell had a bag of jewels in her hand, which she lost.

BLOCKADED

Every Household in Charleroi Should Know How to Resist it.

The back aches because the kidneys are blockaded.

Help the kidneys with their work. The back will ache no more.

Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from Charleroi.

Mrs. William Stopp, 214 Second St., Charleroi, Pa., says: "I have used Doan's Kidney Pills off and on for five years and consider them unequalled for kidney diseases. I suffered for some time from backache and was also subject to headaches and dizzy spells. The kidney secretions were scanty and often contained sediment. Doan's Kidney Pills were finally brought to my attention and procured a box at Piper Bros. Drug Store I began their use. They benefited me greatly and I have since kept a supply on hand."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

Former Charleroi Pastor is Dead

The body of Rev. G. G. Skinner, a former pastor of Payne A. M. E. church, who died at Gilkeson station on Saturday evening, was taken to Canonsburg Monday evening and funeral services were held at 11 o'clock Tuesday. They were largely attended. Several visiting ministers were present and took part in the services. Mr. Skinner is survived by his widow, and five children: George, at Burlington, N. J.; Harry, at Franklin, Pa.; Charles, at Oil City, Pa.; Mrs. Ella Henderson, Canonsburg, and Mrs. Sarah Walters Canonsburg. He was a former Charleroi pastor.

Bees Recognize Man as Friend.
Charles Potchenick, employed by the Maverick sparries near San Antonio, Tex., has unusual control over bees. He handles them with as much ease as one would in playing with kittens or a harmless pet. While working with them he goes bareheaded and barefaced and pays no attention to the insects as they crawl over his exposed hands and arms or pile up in great clumps on his face. Recently he had a picture taken holding a small limb in his teeth on which a swarm had settled. The bees formed a kind of long beard hanging below his waist and his entire face was covered with those that crawled from the limb. Old bee keepers say that his feats in handling bees are the most remarkable in the world. He claims that he has not been stung in two years.

Sure to Return It.
Lady—"Yes, I've an umbrella that needs mending, but how am I to know that you will bring it back?" Umbrella Mender—"Have no fear, mum, I allus charges more for mendin' than I could sell the umbrella for."

Proposed amendments to the Constitution submitted to the citizens of this Commonwealth for their approval or rejection, by the General Assembly of the Commonwealth of Pennsylvania, and published by order of the Secretary of the Commonwealth, in pursuance of Article XVIII of the Constitution.

Number One.

A JOINT RESOLUTION

Proposing an amendment to the Constitution of the Commonwealth of Pennsylvania, so as to consolidate the courts of common pleas of Allegheny County.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of Pennsylvania be, and the same is hereby proposed, in accordance with the eighteenth article thereof:

That section of article five be amended, by striking out the said section, and inserting in place thereof the following:

Section 5. In the county of Philadelphia all the jurisdiction and powers now vested in the district courts and courts of common pleas, subject to such changes as may be made by this Constitution or by law, shall be in Philadelphia vested in five distinct and separate courts of equal and co-ordinate jurisdiction, composed of three judges each. The said courts in Philadelphia shall be designated respectively as the court of common pleas number one, number two, number three, number four, and number five, but the number of said courts may be by law increased, from time to time, and shall be in like manner designated by successive numbers. The number of judges in any of said courts, or in any county where the establishment of an additional court may be authorized by law, may be increased, from time to time, and whenever such increase shall amount in the whole to three, such three judges shall compose a distinct and separate court as aforesaid, which shall be numbered as aforesaid. In Philadelphia all suits shall be instituted in the said courts of common pleas without designating the number of the said court, and the several courts shall distribute and apportion the business among them in such manner as shall be provided by rules of court, and each court, to which any suit shall be thus assigned, shall have exclusive jurisdiction thereof, subject to change of venue, as shall be provided by law.

In the county of Allegheny all the jurisdiction and powers now vested in the several numbered courts of common pleas shall be vested in one court of common pleas, composed of all the judges in commission in said courts. Such jurisdiction and powers shall extend to all proceedings in such courts, and shall be subject to such changes as may be made by law, and subject to change of venue, as shall be provided by law. The president judge of said court shall be selected as provided by law. This amendment shall take effect on the first day of January succeeding its adoption.

A true copy of Resolution No. 1.
ROBERT MCAFEE,
Secretary of the Commonwealth.

Number Two.

A JOINT RESOLUTION

Proposing an amendment to section eight, article nine, of the Constitution of Pennsylvania, resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of Pennsylvania, in accordance with the provisions of the eighteenth article thereof, be adopted:

Amendment to Article Nine, Section Eight.

Section 2. Amend section eight, article nine, of the Constitution of Pennsylvania, which reads as follows:

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, so as to read as follows:

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenue in excess of the interest on said debt or debts and of the annual instalments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund for their cancellation shall be established and maintained.

JOE W. MARTIN IS A CANDIDATE

California Man Asks Voters to Consider His Qualifications for Prothonotary

Joe W. Martin, of California, last week came out an avowed candidate for the Democratic-Keystone nomination for prothonotary. To date it looks as though Martin will have a clear field for the place he seeks on the fusion ticket for no other candidate has announced.

Martin's political experience has been such as makes him a logical candidate of the Democratic and Keystone parties. The only office he has ever held was a borough office, he going in on the Democratic ticket. In 1910 he was chairman of the Keystone organization in the district composed of California, Coal Center and East Pike Run. Berry carried California 150 to 145 for Tener. This was a district where independent Republican and Democratic vote at a fall election had always before been as scarce as the proverbial h n's teeth.

Joe was born just thirty years ago in Cross Creek township, Washington county. He received his education at the California State normal and took prominence in school study and athletics, being one of the Normal's best football players. For five years then he was in the grocery business, building up a business that ranked among the foremost in the valley. Then he went on the road as a traveling man for Colvin, Alwell & Co., one of Pittsburg's oldest wholesale grocery firms. In the five years he has represented this firm he has decidedly made good.

He is most highly respected in his home community and wherever he is known. He is president of the Brotherhood of the California Methodist Episcopal church and a worker in the Sunday school. A man of exemplary habits and generally known for his sterling integrity, Martin is certainly an ideal candidate for the office he seeks.

MINE RESCUE CAR AT MONONGAHELA WITH FIRST AID

Rescue Car No. 7, United States Bureau of Mines, in charge of C. S. Stephenson, Engineer, and accompanied by C. C. Roberts, First Aid Instructor, who has had training in the Bellvue Hospital, New York City, and practical mining experience, is at Monongahela. Their special work is the training of groups of men from the mines in First Aid Work, as well as demonstrating the use of rescue apparatus. The purpose at this time, in First Aid Work is to prepare men to attend the National First Aid Meet, at Forbes Field, Pittsburg, October 26, at which time President Taft and other government officials will be present to witness the contest of the different teams. A team of five men from each company will be thoroughly trained, and these teams will train others.

They have just completed their training work at Marianna, Cokeburg and Ellsworth, where the work was enthusiastically received. A group of five men from Star mine, Courtney, is scheduled to take training this afternoon at one o'clock, in the Y. M. C. A. rooms. Demonstrations will be given this evening at 7:30 o'clock, at which time all will be welcome to witness. Other groups from the different mines in this vicinity have been invited, and it is expected they will be in Monongahela to take the instruction in this important work.

HEAVENS WEEP AS TOWN MOURNS

Canonsburg Burys Nearly all Victims of Morgan Theatre Horror

While the heavens wept all but three of the victims of the Canonsburg tragedy of last Saturday were laid to rest Tuesday. Two funerals occurred today and the last will be on Thursday when the body of Miss Frances Byrd will be interred. Canonsburg business places were closed down Tuesday and the whole town mourned. Bells in the churches were tolled forth between 8 o'clock in the morning until 6 o'clock at night.

Next Sunday memorial services will be held in one of the churches of the town. Definite steps will be taken in a day or two to arrange for them. The accident took from the public schools of Canonsburg eight of their brightest pupils and in memory of those pupils memorial services will be held at the opening of the school term next week. The schools were to have opened last Monday, but owing to the tragedy the opening was postponed until next week.

“He died in the noblest work, that of helping others” were the words by which Rev. Ashe, of the Methodist Episcopal church eulogized Arthur McPeaks, the young man who died while saving others from death.

The last funeral of the day was that of Walter Neish, a popular newsboy. His funeral was attended by 400 persons. The scene at the Young home where the funeral services over the remains of Mrs. Fallie Young, and her nephew and niece, Call Lane 2 1-2 years and Margaret 4 months old was a pathetic one.

Coroner James T. Hefferan has announced that he will hold an inquest. Subpoenas are now being served by Chief of Police Swan on witnesses. Chief Factory Inspector John C. Delaney has sent word from Harrisburg that he will be present. He said that he would take part in the inquest if necessary.

ROAD SURVEYORS WORKING TOWARDS GREENE COUNTY

A force of surveyors are at work under the direction of O. K. Taylor, assistant engineer of the State Highway Department, going over the route of the proposed state road between Waynesburg and Washington. During the past few days the corps has been employed in the section near Prosperity. The route followed from Prosperity traverses the farms of John L. Parkinson, S. D. Milton and J. B. Andrew, thence by way of the residences of C. H. Andrew, Wiley Day, Hugh Auld and others to Nineveh, thence by way of the creek road to Waynesburg via Sycamore.

A report of the completed surveys of all the proposed state roads in Greene and Washington counties must be made to the department not later than June 1st.

CHILD LABOR LAW GOES INTO EFFECT

Mine Inspector F. W. Cunningham of the Twenty-first Bituminous district, who lives in Charleroi, has called attention to the new child labor law enacted by the Legislature at the last session and signed by Governor Tener on June 15, and which goes into effect on September 1.

The act is really an amendment to an act of 1909 regarding child labor. The main provision is that on and after September 1, no person under the age of 16 will be permitted to work inside a mine whether or not they hold employment certificates. Minors will be allowed to work on the exterior of mines and about the premises above ground, if they are over 14, but they must hold employment certificates as provided in the original law. The new law, it is said will affect a number of minors who have been employed in mines along the valley.

Bars Burlesque Shows.

Burgess Hoyt of Washington has placed a ban on burlesque shows. He has issued an edict forbidding performances of this kind in any of the theatres of the county seat during the present theatrical season.

FUSION IS EFFECTED FOR LOCAL MUNICIPAL OFFICES

Democrats and Key-stoners Reach Agreements at Meeting

OFFICES TO BE DIVIDED

Democrats to Get Certain Share and Keystoneers Get Their's at Primary

At a meeting held Tuesday evening the Democratic party and the Keystone party of Charleroi effected a fusion something after the style of that effected by Democrats and Keystoneers in the county recently. To each party was appointed a select number of officers, which they may have candidates at the primary, but at the November election the Democratic and Keystone tickets will be identical. The agreement is signed by Charles Black, chairman of the Keystone committee, and J. P. Mutter, chairman of the Democratic committee, with attests by James Meyers, secretary of the Keystone committee, and H. Mansfield, secretary of the Democratic committee.

The fusion of the two parties, both of which showed considerable strength at the last election will doubtless have an important bearing on the municipal primary and election his fall. It will also be expected to help along the cause in the county.

In carrying out the provisions of the fusion agreement, the nominations appointed to the Democratic party shall go only to those candidates for nominations who were publicly known Democrats prior to the election of 1910, and those nominations appointed to the Keystone party shall go only to those candidates for nominations who were not publicly known Democrats prior to the organization of the Keystone party, but who are members of the Keystone party at the election of 1910. In accordance with this plan the following officers have been appointed to the two parties for the primary election: To the Democrats: Council, two or four years, school director, two or six years, one for four years, one for two years; one auditor; one assessor, one justice of the peace.

To the Keystone party: Council, one for four years, one for two years; school director, one for six years, one for four years, one for two years; one constable, constable justice of the peace.

It will be necessary for a candidate desiring a fusion nomination to file two petitions, one Democratic and one Keystone. The fusion nominees shall be those candidates receiving the highest total vote. In case of a tie for any nomination all receive the highest number of votes on either the Democratic or the Keystone party ballot and not have a largest total vote, then his withdrawal shall be filed with the county commissioners and the proper committee as provided by the rules of the respective parties will fill the vacancies caused by such withdrawal by nominating the candidates with the best total vote.

Notice.

All members of the Washington Avenue Boy's Brigade are ordered to report Wednesday evening at 6 o'clock parade duty.

Chas. Walgreen, Capt.

Corn Roast is Held all Same

Rain Interferes But Does Not Spoil Outing of Eagles at Eldora Park

Although the weather man was not very gracious in his supply of our weather, Charleroi Aerie, No. 390, Fraternal Order of Eagles, is holding its corn roast at Eldora Park today and in spite of the rain those there are having a good time. Large quantities of corn were taken down early this morning, roasted and prepared for those to come later in the day. It was intended to have a program of sports this afternoon and if the grounds are not in fit shape for them something else will be substituted. Anyhow there is not to be a dull moment. Dancing of course will be the feature both this afternoon and evening.

FIRE DRILL IS MADE NECESSARY

School Children Must be Learned How to Use Appliances

CHARLEROI IS AFFECTED

Local attention has been called to the act enacted by the Legislature at its last session and approved by Governor Tener May 12, 1911, which makes fire drills in the public schools a necessity. Upon the county, city or borough school superintendents devolves the responsibility for carrying out the provisions. Violations of the act will mean upon conviction of the person or persons guilty of a fine of not less than \$25 nor more than \$500 and to undergo imprisonment in the county jail for not less than 10 days nor more than 60 days either or both.

The law requires that in all public schools where fire-escapes, appliances for the extinguishment of fires, or proper and sufficient exits in case of fire or panic, either or all, are required by law, fire drills must be held not less than once a month by the teacher or teachers in charge. The county or city superintendents frame the rules for the fire drills, and the object is to teach the school pupils not only the means of exit but the use of fire appliances which are in the different buildings.

Charleroi will be affected by the new law at all the school buildings. It has been the custom, however, to observe rules similar to those made necessary by the new act, and two or three drills were held each month. Prof. James G. Pentz, superintendent of schools stated this morning that it was the intention to conduct these drills as often as possible during each month. Record time was made in getting out of the buildings last year.

Out For Justice.

A. N. Jenkins of 713 McKean avenue has filed a petition at Washington as a Republican candidate for the office of justice of the peace.

FEARED LIMESTONE WILL DELAY WORK

Hill Contracting Company Has Contract for Building of P. & L. E. Branch Line-- Big Cut Necessary

ONE TRACK TO BE LAID AT ONCE; ANOTHER LATER

The progress of the work on the end of the route and also one at the other end. It is proposed, it is said, to start work in the middle. A grade will be cut for two tracks. One will depend upon a 60 foot cut which will be necessary to make. There is a probability and it is feared that limestone is embedded beneath the surface where this cut is necessary, and if so there will be some delay at the work. There is also a big fill to make.

The Hill Contracting company has the contract to do the work and has a steam shovel at the Fayette City and quick.

RINGGOLD BATTALION IN ANNUAL REUNION

Remnant of Noted Command Assembles At Belle Vernon and is Tendered Hearty Welcome by Citizens There

PARADE AND CAMPFIRE TO BE THE CHIEF FEATURES

Ringgold Battalion in Reunion Several Years Ago.

Rainy weather put considerable damper on the first days' session of the annual reunion of the Ringgold or 22nd Pennsylvania Cavalry at Belle Vernon. The rain was not allowed to interfere however with the program as it had been arranged and the address of welcome was made by Leighty Steen, a prominent Belle Vernon business man. Col. Andrew J. Greenfield, the only surviving regimental officer, who has not missed one of the annual reunions, made the response. Ninety members of the cavalry and 50 members of other companies were present this morning. This is the 37th annual reunion.

When the old soldiers arrived at Belle Vernon this morning they registered at the office of S. B. Graham and were given badges and a meal ticket. The address of welcome was scheduled for 11 o'clock from in front of the Odd Fellows hall, but it was after that hour when Burgess Samuel B. Bedworth tendered the old soldiers the keys of the town, and introduced Mr. Steen to make the address of welcome. The speaking was brief, owing to the dreary weather.

This afternoon the history of the command was distributed. At 3 o'clock the Belle Vernon Rifles are scheduled to assemble in front of their armory in front of Taggart's hall and officially open their headquarters.

Winfield S. Harvey, chief marshal for the parade has stated that the parade will be held this evening, beginning at 6:30 o'clock. But the most interesting feature of the day will be the campfire, at which Col. Greenfield will preside. Among the chief speakers will be S. C. Farrar, of Pittsburgh, historian of the command, Joseph A. Bryan, of Monongahela; William Ellwood, of Coal Center; L. E. Flint of Monongahela, representing the Sons of Veterans, and others.

RAILROAD ENGINEERS SURVEY FOR NEW ROAD THROUGH GREENE CO.

A corps of Pennsylvania railroad engineers have been working in the vicinity of Jefferson, Greene county, for the past week. They have spent almost a year along Ten Mile creek, between the Bessemer coal works, near Clarksville, and the Huffman farm, one mile west of Jefferson, where a coal shaft is to be opened. The statement has been made that this is the final survey of the Pennsylvania railroad, from Clarksville to the Huffman farm, which will, in all probability be extended to Waynesburg later.

"NEST EGG" COMPANY AT THE COYLE TONIGHT

Under the management of J. C. Kaliski the "Nest Egg" company, which is to appear at the opening of the Coyle Theatre tonight, arrived in town shortly after noon. This is said to be one of the cleanest, most humorous plays on the road, and Manager Penman was fortunate to secure it for his opening production. There is not a dull line in the play, which is entirely void of coarseness. It is especially mentioned by Munsey's Magazine, as will be seen in a more extended notice appearing on the third page of this issue.

HEAVY RAIN IS GODSEND TO RIVER COAL SHIPPERS

Thomas Family Holds Reunion

Organ is Contributed as Memorial to Ancestry by People at Webster

Nearly 100 descendants of Thomas Thomas, who fought in the Revolutionary War with a New Jersey regiment, held their annual reunion yesterday in the Methodist Episcopal church at Webster.

A grand-son John Thomas, of Webster, the last of his generation, was elected honorary president of the Thomas Reunion Association. The next year's reunion will be held at Fell's Church on August 28.

The election of officers resulted as follows. President, John C. Morton of Etna, vice president, Walter Colmery of Swissvale; secretary, C. H. Truxal of Belle Vernon; treasurer, M. S. Walter Colmery. The association voted to furnish an organ for Fell's Church as a memorial to its ancestry. Many of the Thomas family are buried in the Fell's churchyard.

DEAD MAN ARISES WITH TEMPER UP

Engineer and Passengers Though He Had Been Struck by Train

THEY GOT ANOTHER THINK

Lying face downward, his hat several feet away, bearing every evidence of having been struck by a train a man was discovered by passengers on the 6 o'clock north bound P. & L. E. train near Fayette City this morning.

The train was pulling into Fayette City. He was first seen by the engineer who slowed up his train and backed to the spot, certain the man had been hit. The engineer and conductor went to the spot, accompanied by a number of passengers of the train. Still the man lay close by the track, his bent form and tumbled appearance betokening death.

Carefully the engineer and other trainmen moved the body over. They saw no trace of injuries. Then the man, disturbed, opened his eyes and dozed a moment. Again looking up, his gaze encountered that of the curious passengers who thought that the man was mortally injured and this was his death gaze. Some men took off their hats. As sight escaped some of the early morning audience the man got angry. He jumped to his feet, snatched his hat and turning glared at the assemblage.

"What the hell's the matter with you?" he shouted and with a snort turned and disappeared up the track. Without a word the passengers and trainmen assumed their places and the engineer pulled out the train.

Alonso Flowers who has been spending a few days with friends at Aspinwall has returned home.

Fifteen-Foot Stage at Lock No. 4 Recorded at Noon

WILL CONTINUE TO RISE

Ohio Stage of Water Increased and Already Shipments Are Made

Heavy rains at headwaters and all along the Monongahela river has caused a rise in the river which will be a godsend to rivermen and coal men along this waterway. At noon the stage of water was 15 ft 5 inches at Lock No. 4 and the river was still rising at about the rate of 1 1/2 inches an hour. Word was received from Fairmont this morning to the effect that during the last 24 hours there had been a rainfall of 1.90 inches, and at Greensboro 1.74 inches. It is expected that before the river begins to recede it will attain a stage of 20 to 22 feet, possibly more.

The rains will have a two-fold effect along the river. Not only will they provide a good shipping stage for coal men in the Ohio but they will also tend to clean out the river from the troublesome and destructive acid with which it has been filled for weeks.

It was stated this morning that coal had already been started out from the Pittsburgh harbor down the Ohio river. Practically all the flats of the Monongahela River Consolidated Coal and Coke Company had been tied up awaiting a shipping stage at the Pittsburgh harbor and as a consequence practically all of the River combine's mines in the upper pools had been forced to either entirely or partially close. Naturally enough it will be inferred that with the shipping stage on the Ohio and a good rise on the Monongahela, nearly all of these flats can be emptied and the mines can start again in full.

It is the confident prediction of coal men that the mines of the Pittsburgh district will run this winter as they have not run in years. It is said that a big demand is indicated which will mean good business for the Pittsburgh district, of which the Monongahela valley is an important factor.

Lady Maccabees Enjoy Busy Week of Social Events

The Lady Maccabees have had a busy social week so far this week. Mrs. L. M. Cottle was surprised on Monday evening, it being her birthday anniversary. She was presented with a beautiful emblem of the order. All present had a delightful time. While there another trip was planned to visit and surprise another one of their members, Mrs. Margaret Dunkerly, who is convalescing after a long illness. Thursday, August 29, was her birthday anniversary. She was indeed surprised as she did not know the ladies knew the date of her birth. Mrs. Dunkerly was presented with beautiful and substantial gifts by the ladies, one of which she says she will long remember. She expressed the hope that she would soon be able to join with the merry crowd in their many surprises.

J. K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

A PARALLEL CASE.

Commenting upon the proclamation recently made by Senator Penrose in regard to the mayoralty campaign in Philadelphia, the Washington Observer says:

"Penrose is reaping what he sowed, having relied for years past upon the criminal and disreputable elements of the great city to maintain his power; he now sees those elements flying to the support of one of his former allies.

"In this predicament Penrose appeals to the better citizenship of Philadelphia for support but he cannot hope for that unless he give assurances that he will break the alliance with the abhorrent elements in the politics of the State."

Assuming for the sake of argument that the Senator Penrose has depended entirely for his election on the support of the disreputable element of the Republican party, which he has

lost, the Observer, as the organ of former Congressman E. F. Acheson, its president and dominating spirit, will find a parallel case in Mr. Acheson's career. For years Mr. Acheson controlled the politics of Washington county by an alliance with the corrupt and baser elements of all the political organizations. Too late he realized the sowing of the wind, and then in a futile appeal to the better citizenship of the county he went down to defeat. Mr. Acheson's alleged exposition of the Philadelphia situation is a parallel case with his own.

WHY BLEACHERS?

At last the long suffering baseball public has come to a realization that it is about time to assert its rights. It is beginning to inquire why enthusiastic fans who love the game, but are limited in finances, are obliged to endure all manner of physical discomfort and inconveniences when they pay the minimum price for the privilege of witnessing the game. In other words, Why Bleachers?

Other forms of amusement, which cost infinitely more to produce provide far more comforts for their patrons. The circus or wild west ex-

hibitions which must employ an army of men and horses to handle and transport their outfit after they arrive at a place of exhibition, does not ask its patrons who pay the straight price of admission to sit in the broiling sun or be exposed to the drench of sudden shower. To witness its exhibitions. The baseball team has no expense but the maintenance of its grounds and its salary list of from fifteen to thirty people, whose transportation charges are a minimum compared with those of a circus. Yet with all the enormous expenses connected with a circus the patrons are all given comfortable seats, protected from the elements. It is the same with all theatres.

It is time for the fans to make a kick. There should be no bleachers. It is enough for distance to lend enchantment to the view without including broiling or soaking. The baseball syndicate ranks at the head of all the amusements as an attraction; it operates the most cheaply, and gets the most free advertising. It can afford to roof its bleachers and give some modicum of comfort to the devotees of the game. There is no excuse for the bleachers in the big leagues, and in the interest of the public health and welfare they should be abolished.

ELECTRIC SPARKS

Too bad that Upton Sinclair has to go the way of great millionaires when he is such a lovely and ardent socialist.

The New York woman who jumped in the ocean in her street clothes because she couldn't find a bathing suit in the metropolis evidently either felt in much need of a bath or else was merely looking for a sensation.

President Taft can show up trust busters and everybody else when it comes to golf. Even Frank Ke'log of St. Paul, a trust buster of renown, proved an easy victim for him.

All that's necessary for a man or a woman to secure a divorce nowadays is a co-respondent. They are easily secured.

It's thoughtful of a man to kill himself after committing a crime. It saves the country so much trouble and expense.

When it comes to really polite political cussing Allegheny county withits Mayor Magee and Commissioner O'Neil as the chief exponents of the art can show up Washington county.

What is needed now is an aeroplane with a reverse lever.

Everybody has a different idea of how to co-operate with his fellows, but most everybody's idea is to get all he can and let the other fellow do the same.

Naval experts say that a new kind of aeroplane gun will shoot three miles into the air and shoot accurately, but nobody has informed us what the target was.

Massachusetts has been forced to secure hand writing experts to decipher the names on nomination papers sent in from Boston. Which proves that even the Hub City is not perfect in every educational essential.

Atwood is the first aviator in many moons who has shown any signs of good sense. He says that he is afraid that if he keeps on flying he will meet the fate of other aviators.

PICKED UP IN PASSING

John Guggie, the veteran stone contractor, who is one of the few natives of Switzerland to be found in this community, was asked the other day why more of his countrymen did not emigrate to America.

"It is because they have a too good a country at home to leave," he replied. In speaking of the government of his native land, and the various methods employed, Mr. Guggie told of a novel way the country had of getting rid of foreigners who committed petty offenses.

"For instance," said Mr. Guggie, "if a native of France or Italy were caught stealing fruit or trespassing the police would ascertain where he was from, and—then immediately they would begin to pass him along from one district to another. It would be like the police of Charleroi escorting the offender to the North Charleroi line, turning him over to the police there; who would take him

JOHN H. BOWERS

OUT FOR HONORS

Charleroi Man Proving Popular Man for Treasurer—Makes Many Friends

Among those who have addressed the public recently through the newspapers is John H. Bowers of Charleroi, who is a candidate for the Republican nomination for treasurer. His statement should be entirely satisfactory to the voters. Mr. Bowers says he will regard the office as a business proposition, that he will try to make all idle money profitable to the county, that he will pay for his own bond and finally he says: "I promise, if nominated and elected, TO ASK FOR BIDS FROM THE VARIOUS BANKING INSTITUTIONS OF THE COUNTY AND TO AWARD THE DEPOSIT OF ALL PUBLIC MONEY TO THE SAME WHICH WILL PAY THE HIGHEST RATE OF INTEREST, commensurate with the proper safeguarding of the public funds."

The statement of Mr. Bowers is frank, straightforward and covers the case like a blanket.—Washington Observer.

to the Carroll township line, and the police there would pass him on to Monongahela and from there he would be passed into the next district until he reached the frontier of his native country, where he would be shoved across the boundary with instructions never to return. In this manner undesirables are ejected from the country at a trifling expense."

It is related that soon after the Maple Creek telephone line was installed Kerfoot W. Daly, cashier of the Bank of Charleroi, received a call from a bank patron out in the interior of Fallowfield township.

"Hello, is that you, Kerfoot?"

was the call, "do you know me?"

"Yes, I know you," was the reply, "what do you want?"

"I want to know how much money I have in your bank."

"Well, I don't know, you have some money here all right. I haven't time to look it up just now, but will have a statement sent to you as soon as I can."

"Can't you tell me now? Every receiver is down on this line, and if all the subscribers can't hear how much money I have they'll be terribly disappointed. I want them all to know I've got money in the bank."

GOVERNOR WILL ATTEND SESSION

Gov. John K. Tener of Pennsylvania is announced as one of the stellar attractions at the annual convention of the Atlantic Deep Waterways Association to be held at Richmond, Va., October 17 to 20. In the short time that Governor Tener spent at Washington as a member of Congress he became prominent in rivers and harbors legislation. As a member of the Rivers and Harbors Committee he took interest in the Ohio River project and also in the general question of development of the country's waterways. On this account officers of the Atlantic Deep Waterways Association are anxious to enlist him in their association.

Ralph J. Franz.

Ralph J. Franz, the 4 months old son of Mr. and Mrs. Ralph Franz, of 922 Shady avenue, died at the home of his parents, Tuesday at 9 o'clock a. m. The funeral was held this afternoon, at 3 o'clock, Rev. C. E. Frontz, pastor of Christ Lutheran church, having charge of the services. Interment was in Charleroi cemetery.

Is the Tuberculosis Crusade Losing Ground?

Despite all the efforts being made by advocates of fresh air and egg-and-milk treatments, the number of new cases has not been noticeably decreased. Write to us and ask to be referred to Clergymen, Priests, men and women who took Eckman's Alternative and are today well and strong without a trace of tuberculosis—pronounced so by physicians. Some of them took the Alternative 10 years ago when doctors said they would not live 10 weeks. Could anything be fairer to yourself and those who love you and would do anything to restore you to health? If you are skeptical—investigate us, our medicinal our advertised statements. Write to those who have sent in affidavits and testimonials telling how Eckman's Alternative cured them. Here is one: 522 Girard Ave., Philadelphia, Pa. Gentlemen: "In the winter of 1903, I had an attack of Grippe, followed by Pneumonia and later by Consumption. I grew steadily worse. In the winter of 1904 I had cough, night sweats, fever and raised quantities of awful looking stuff and later, I had many hemorrhages; at one time, three in three successive days. Milk and eggs became so distasteful I could keep nothing down. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage, and my cough gradually lessened until entirely gone. I am perfectly well. Everything I say here can be verified by my family and friends." (Signed Affidavit) Annie Floyd Loughran Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. Ask for booklet of cured cases and write to the Eckman Laboratory, Philadelphia, Pa. for additional evidence. For Sale by all leading druggists and

"THE NEST EGG"

THE OPENER FOR COYLE SEASON

The leading magazines highly praised Miss Anne Caldwell's latest comedy, "The Nest Egg" which will be the attraction at the Coyle Theatre tonight. Munsey's recently said: "The Nest Egg" tells a concrete story with a mixture of comedy and pathos that sends it across the footlights with a surer aim than any emotional play can hope to have in these matter-of-fact times. It is a capital enter-

Scene from "The Nest Egg" at the Coyle Theatre Tonight.

tainment and will probably live for several years.

Briefly, an old maid dress-maker writes a message on an egg that she sends to market, receives a reply after three years, and excitedly makes all preparations for a wedding, only to discover that she is expected to serve as a star witness in a lawsuit brought by a pure-food enthusiast who has been made ill by eating the egg kept so long in cold storage. But she eventually marries and her aim is completed.

GRAND JURY DOES NOT MAKE REPORT

The grand jury completed its investigation of the charges made against the management of the Children's Home Tuesday. They also inspected the county home. It was expected they would report their findings today, but at noon there had been no report entered. It is generally supposed that the charges were not substantiated. The investigation was held behind closed doors by the grand jury and no statements were given out.

No Time for Hesitation.
In transferring the two thousand passengers from the sinking steamer Republic, the greatest difficulty was found in getting the women to leap at the very instant they were told to. If they hesitated an instant a wave carried the boat too far away, and they fell into the water, and had to be fished out. One woman who so fell had a bag of jewels in her hand, which she lost.

BLOCKADED

Every Household in Charleroi Should Know How to Resist it.

The back aches because the kidneys are blockaded.

Help the kidneys with their work. The back will ache no more.

Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from Charleroi.

Mrs. William Stopp, 214 Second St., Charleroi, Pa., says: "I have used Doan's Kidney Pills off and on for five years and consider them unequalled for kidney diseases. I suffered for some time from backache and was also subject to headaches and dizzy spells. The kidney secretions were scanty and often contained sediment. Doan's Kidney Pills were finally brought to my attention and procuring a box at Piper Bros' Drug Store I began their use. They benefited me greatly and I have since kept a supply on hand."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

FOR CORONER

Pastor is Dead

The body of Rev. G. G. Skinner, a former pastor of Payne A. M. E. church, who died at Gilkeson station on Saturday evening, was taken to Canonsburg Monday evening and funeral services were held at 11 o'clock Tuesday. They were largely attended. Several visiting ministers were present and took part in the services. Mr. Skinner is survived by his widow, and five children: George, at Burlington, N. J.; Harry, at Franklin, Pa.; Charles, at Oil City, Pa.; Mrs. Ella Henderson, Canonsburg, and Mrs. Sarah Walters, Canonsburg. He was a former Charleroi pastor.

Bees Recognize Man as Friend.

Charles Potchenick, employed by the Maverick epiraries near San Antonio, Tex., has unusual control over bees. He handles them with as much ease as one would in playing with kittens or a harmless pet. While working with them he goes bare-armed and bare-faced and pays no attention to the insects as they crawl over his exposed hands and arms or pile up in great clumps on his face. Recently he had a picture taken holding a small limb in his teeth on which a swarm had settled. The bees formed a kind of long beard hanging below his waist and his entire face was covered with those that crawled from the limb. Old bee keepers say that his feats in handling bees are the most remarkable in the world. He claims that he has not been stung in two years.

Sure to Return It.

Lady—"Yes, I've an umbrella that needs mending, but how am I to know that you will bring it back?" Umbrella Mender—"Have no fear, mum, I alias charges more for mendin' than I could sell the umbrella for."

—Boston Transcript.

It Keeps Her Busy.

A girl's life is one continuous effort to create the impression that she wouldn't think of doing things that she's crazy to try.

A Good Recommendation

The conservative methods of this bank and its record of nearly 13 years of successful banking, as well as the courteous treatment you will receive to make all your relations with this institution satisfactory and pleasant, are our best recommendation.

Proposed amendments to the Constitution submitted to the citizens of this Commonwealth for their approval or rejection, by the General Assembly of the Commonwealth of Pennsylvania, and published by order of the Secretary of the Commonwealth, in pursuance of Article XVIII of the Constitution.

Number One.

A JOINT RESOLUTION

Proposing an amendment to the Constitution of the Commonwealth of Pennsylvania, so as to consolidate the courts of common pleas of Allegheny County.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of Pennsylvania be, and the same is hereby, proposed to the people, with the eighteenth article thereof:—

That section six of article five be amended, by striking out the said section, and inserting in place thereof the following:

Section 6. In the county of Philadelphia all the jurisdiction and powers now vested in the district courts of common pleas, subject to such changes as may be made by this Constitution or by law, shall be in Philadelphia vested in five distinct and separate courts of equal and co-ordinate jurisdiction, composed of three judges each. The said courts in Philadelphia shall be designated respectively as the court of common pleas number one, number two, number three, number four, and number five, but the number of said courts may be by law increased from time to time and shall be in like manner designated by successive numbers. The number of judges in any of said courts, or in any county where the establishment of an additional court is authorized by law, may be increased, from time to time, and whenever such increase shall amount in the whole to three, such judges shall be designated by the number of the court as aforesaid, which shall be numbered as aforesaid. In Philadelphia all suits shall be instituted in the said courts of common pleas without designating the number of the said court, and the several courts shall distribute and apportion the business among them in such manner as shall be determined by law, and each court, to which any suit shall be thus assigned, shall have exclusive jurisdiction thereof, subject to change of venue, as shall be provided by law.

In the county of Allegheny all the jurisdiction and powers now vested in the several numbered courts of common pleas shall be vested in one court of common pleas, composed of all the judges in commission in said courts. Such jurisdiction and powers shall extend to all proceedings at law and in equity which shall have been instituted in the several numbered courts, and shall be subject to such changes as may be made by law, and subject to change of venue, as provided by law. The president judge of said court shall be selected as provided by law. The number of judges in said court may be by law increased from time to time. This amendment shall take effect on the first day of January succeeding its adoption.

A true copy of Resolution No. 1.

ROBERT McAFEE,

Secretary of the Commonwealth.

Number Two.

A JOINT RESOLUTION

Proposing an amendment to section eight, article nine, of the Constitution of Pennsylvania.

Section 8. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:—

Amendment to Article Nine, Section Eight.

Section 2. Amend section eight, article nine, of the Constitution of Pennsylvania, which reads as follows:—

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, town or township, or any county of Philadelphia for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenue in excess of the interest on the debt created and the taxes and installments necessary for the cancellation of said debt or debts, may be included in ascertaining the power of the city or township or county to incur any debt or debts hereinafter provided. That a sinking fund for their cancellation shall be established and maintained."

A true copy of Joint Resolution No. 2.

ROBERT McAFEE,

Secretary of the Commonwealth.

MY DAUGHTER WAS CURED

By Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"I send you here with the picture of my fifteen year old daughter Alice, who was restored to health by Lydia E. Pinkham's Vegetable Compound. She was pale, with dark circles under her eyes, weak and irritable. Two different doctors treated her and called it Green Sickness, but she grew worse all the time. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking three bottles she has regained her health, thanks to your medicine. I can recommend it for all female troubles."—Mrs. L. A. CORKEAS, 1108 Rutland Street, Baltimore, Md.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Write to Mrs. Pinkham, Lynn, Mass., for advice, free.

turned to his duties in the National Exchange Bank of Pittsburgh.

R. T. McGowan of North Charleroi has returned from Mt. Chateau, where he spent two weeks.

Miss Grace Devinney, of Pittsburg is a guest at the home of Mr. and Mrs. William Jameson, on Lincoln avenue.

Rev. G. G. Kerr of Canonsburg, was a visitor in Charleroi Monday.

Mrs. Charles Umbel is spending a few days with friends in Homewood.

Forty-Hour Devotions.

Forty-hour devotions started this morning at St. Jerome's church. These devotions will be continued as usual with special masses conducted by Rev. W. D. Fries.

JOE W. MARTIN IS A CANDIDATE

California Man Asks Voters to Consider His Qualifications for Prothonotary

Joe W. Martin, of California, last week came out an avowed candidate for the Democratic-Keystone nomination for prothonotary. To date it looks as though Martin will have a clear field for the place he seeks on the fusion ticket for no other candidate has announced.

Martin's political experience has been such as makes him a logical candidate of the Democratic and Keystone parties. The only office he has ever held was a borough office, he going in on the Democratic ticket. In 1910 he was chairman of the Keystone organization in the district composed of California, Coal Center and East Pike Run. Berry carried California 150 to 145 for Tener. This was a district where independent Republican and Democratic vote at a fall election had always before been as scarce as the proverbial hen's teeth.

Joe was born just thirty years ago in Cross Creek township, Washington county. He received his education at the California State normal and took prominence in school study and athletics, being one of the Normal's best football players. For five years then he was in the grocery business, building up a business that ranked among the foremost in the valley. Then he went on the road as a traveling man for Calvin, Alwell & Co., one of Pittsburg's oldest wholesale grocery firms. In the five years he has represented this firm he has decidedly made good.

He is most highly respected in his home community and wherever he is known. He is president of the Brotherhood of the California Methodist Episcopal church and a worker in the Sunday school. A man of exemplary habits and generally known for his sterling integrity, Martin is certainly an ideal candidate for the office he seeks.

MINE RESCUE CAR AT MONONGAHELA WITH FIRST AID

Rescue Car No. 7, United States Bureau of Mines, in charge of C. S. Stephenson, Engineer, and accompanied by C. C. Roberts, First Aid Instructor, who has had training in the Bellevue Hospital, New York City, and practical mining experience, is at Monongahela. Their special work is the training of groups of men from the mines in First Aid Work, as well as demonstrating the use of rescue apparatus. The purpose at this time, in First Aid Work is to prepare men to attend the National First Aid Meet, at Forbes Field, Pittsburgh, October 26, at which time President Taft and other government officials will be present to witness the contest of the different teams. A team of five men from each company will be thoroughly trained, and these teams will train others.

They have just completed their training work at Marianna, Cokeburg and Ellsworth, where the work was enthusiastically received. A group of five men from Star mine, Courtney, is scheduled to take training this afternoon at one o'clock, in the I. M. C. A. rooms. Demonstrations will be given this evening at 7:30 o'clock, at which time all will be welcome to witness. Other groups from the different mines in this vicinity have been invited, and it is expected they will be in Monongahela to take the instruction in this important work.

HEAVENS WEEP AS TOWN MOURNS

Canonsburg Burys Nearly all Victims of Morgan Theatre Horror

While the heavens wept all but three of the victims of the Canonsburg tragedy of last Saturday were laid to rest Tuesday. Two funerals occurred today and the last will be on Thursday when the body of Miss Frances Byrd will be interred. Canonsburg business places were closed down Tuesday and the whole town mourned. Bells in the churches were tolled forth between 8 o'clock in the morning until 6 o'clock at night.

Next Sunday memorial services will be held in one of the churches of the town. Definite steps will be taken in a day or two to arrange for them. The accident took from the public schools of Canonsburg eight of their brightest pupils and in memory of those pupils memorial services will be held at the opening of the school term next week. The schools were to have opened last Monday, but owing to the tragedy the opening was postponed until next week.

"He died in the noblest work, that of helping others" were the words by which Rev. Ashe, of the Methodist Episcopal church eulogized Arthur McPeaks, the young man who died while saving others from death.

The last funeral of the day was that of Walter Neish, a popular newsboy. His funeral was attended by 400 persons. The scene at the Young home where the funeral services over the remains of Mrs. Fallie Young, and her nephew and niece, Call Lane 2 1-2 years and Margaret 4 months old was a pathetic one.

Coroner James T. Hefferan has announced that he will hold an inquest. Subpoenas are now being served by Chief of Police Swan on witnesses. Chief Factory Inspector John C. Delaney has sent word from Harrisburg that he will be present. He said that he would take part in the inquest if necessary.

ROAD SURVEYORS WORKING TOWARDS GREENE COUNTY

A force of surveyors are at work under the direction of O. K. Taylor, assistant engineer of the State Highway Department, going over the route of the proposed state road between Waynesburg and Washington. During the past few days the corps has been employed in the section near Prosperity. The route followed from Prosperity traverses the farms of John L. Parkinson, S. D. Milton and J. B. Andrew, thence by way of the residences of C. H. Andrew, Wiley Day, Hugh Auld and others to Nineveh, thence by way of the creek road to Waynesburg via Sycamore.

A report of the completed surveys of all the proposed state roads in Greene and Washington counties must be made to the department not later than June 1st.

CHILD LABOR LAW GOES INTO EFFECT

Mine Inspector F. W. Cunningham of the Twenty-first Bituminous district, who lives in Charleroi, has called attention to the new child labor law enacted by the Legislature at the last session and signed by Governor Tener on June 15, and which goes into effect on September 1.

The act is really an amendment to an act of 1909 regarding child labor. The main provision is that on and after September 1, no person under the age of 16 will be permitted to work inside a mine whether or not they hold employment certificates. Minors will be allowed to work on the exterior of mines and about the premises above ground, if they are over 14, but they must hold employment certificates as provided in the original law. The new law, it is said will affect a number of minors who have been employed in mines along the valley.

Bars Burlesque Shows.

Burgess Hoyt of Washington has placed a ban on burlesque shows. He has issued an edict forbidding performances of this kind in any of the theatres of the county seat during the present theatrical season.
